**FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:**

**CASE NO. 03-30 (Consolidated PUD – Square 643 Associates LLC)**

**THIS CASE IS OF INTEREST TO ANC 6D**

Square 643 Associates LLC requests approval of a consolidated PUD and map amendment in order to construct a 21-unit apartment house as an addition to a historic landmark church structure. The church structure will be devoted to nonprofit office use or similar nonresidential use. The location is 734 First Street, S.W. (Square 643, Lot 830). The Application was filed on November 5, 2004, and the Zoning Commission set down the case for public hearing at its meeting of March 14, 2005. On March 16, 2005, the Office of Zoning received a Pre-Hearing Submission and materials for the case.

The property that is the subject of this application is generally rectangular in shape, has 16,644 square feet of land area and is improved with a vacant church that has recently been designated a historic landmark upon the application of the property owner. The site is located on the north frontage of H Street, S.W., immediately to the east of the Delaware Avenue traffic circle.

The proposed development will rehabilitate and restore the historic landmark church and construct four- and seven-story apartment wings as an addition to the church structure. The Historic Preservation Review Board has granted conceptual design approval of the plans. The apartments will consist of 21-30 units, including a mixture of one- and two-bedroom units. The maximum height of the proposed new construction is 70 feet. The

gross floor area (“g.f.a.”) as designed is 44,286 square feet. The applicant is requesting that the Commission permit 10,000 square feet of the space be used for nonprofit office space pursuant to § 217 of the Zoning Regulations. However, at the time that the Commission voted to set down the case, it noted that § 217 relief is only available to residential buildings and expressed doubt as to whether the Church would so qualify. Therefore, the Applicant is proposing, in the alternative, that the 10,000 square feet would be additional residential units, hence the range of 21-30 total units. If the Commission determines that a use variance is required, it will consider granting such relief if the applicant submits an application for such relief. In any event, permitting a non-profit use, under any theory, will not be considered unless the Applicant indicates precisely what that use will be prior to the hearing.

The proposed gross floor area equals an FAR of 2.66, and lot occupancy is 61 percent. The application includes a requested zoning map amendment from the existing R-4 to the proposed R-5-C District. The Applicant requests some deviation or flexibility from the side and rear yard requirements, as well as roof structure standards, as allowed by the PUD regulations at 11 DCMR § 2405.5, based on “the exact circumstances of the project.”

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.

Interested persons or representatives of organizations may be heard at the public hearing.
